His Majesty Sultan Haitham bin Tariq Al Said

“Youth are the wealth of the nation, its inexhaustible resource, and its initiative arms. They are the nation’s present and future, and we will be keen to listen to them and touch their needs, interests and aspirations, and there is no doubt that they participate in the care they deserve”.

Oman College of Health Sciences-NB Associate Dean's Speech

Dr. Fatma Al Muqbali,
Associate Dean

It is my pleasure to welcome you all – dear Alumni. The Alumni Committee was launched at the Oman College of Health Sciences - North Batinah Branch to maintain the relationship between the college and its graduates. This is important to strengthen the communication between the college and its graduates, to keep updated with their employment status after graduation and to uphold a network that enables participation of qualified parties in all college's activities. The connection with Alumni was mainly established to enrich the mutual academic knowledge and to develop linkages for mutual benefits in research. The establishment of the OCHS-NB Alumni Committee comes in response to the urgent need to discover various channels that organize the efforts of graduates and stimulate their novelty. This will contribute to the college's mission and vision in a well-defined manner. I am certain that the graduates of our college, no matter how much time they take, and no matter how busy they are with the responsibilities of life, will always have their hearts attached to the college with love and gratitude. I believe in the graduates' love for their college, and I praise the vital role they play in OCHS-NB's success and urge them to share their potentials with us in the future.

Oman College of Health Sciences-NB Alumni Committee Coordinator's Speech

**Dr. Zalikha Al-Marzouqi,
Alumni Committee
Coordinator**

Trees represent life for they grow from small seeds and with care and love, grow deep roots. Loved trees bear the sweetest fruit and those in turn feed the world around them. And so is the case with the OCHS-NB and its Alumni. This mutually nurturing connection is a proof of the strong bond between the Alumni and their alma mater. It inspires in the graduates the college's ethos to excellence. The Committee of Alumni of the OCHS-NB is the platform where this link is strengthened and visions are exchanged. We, as the Committee of the Alumni of the OCHS-NB will continue on the same path and accomplish the objectives of the committee. In achieving this task, we hope to contribute to the achievement of the vision of the college and therefore the aspirations of His Majesty Sultan Hitham Bin Tariq, may Allah protect him.

Oman College of Health Sciences-NB Alumni Committee's Speech

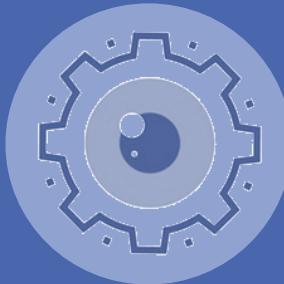

Oman College of Health Sciences- North Batinah Alumni Committee was established to emphasize the leading role of OCHS-NB graduates in the community since they are seen as having a vital role to play in the development of the nation. In addition, to firm the relationship between the college and its graduates, the Alumni Committee endeavors to instill among the Alumni a sense of loyalty, belongingness as well as to inspire collaboration between Alumni and the college to better serve the community. Moreover, the Alumni Committee helps graduates in developing their skills to meet the challenges they might encounter in the job market and provide them with guidance if they should seek to complete their higher studies or take more coursework. The Alumni Committee offers Alumni the opportunities to participate in different activities both inside and outside the college.

Alumni Committee Vision, Mission Goals and Values

Vision

Our vision is to enhance a pro-active, innovative, professional, and empowered Alumni committee that serves as a liaison between the Oman College of Health Sciences and the community.
